About our Trust

The University of Chichester Academy Trust is uniquely placed to make a difference to the local education landscape. With access to the University's extensive resources, we provide expertise both educational from the University's Institute of Education and from professionals within HR, Finance, ICT, Estates and Communications.

It is our strategic intention to develop a family of 30 academies in the neighbouring counties of Hampshire and West Sussex, geographically situated in clusters to work together and share best practice.

The Trust has an inclusive ethos and an aspirational vision. People and relationships matter to us and we share the University's belief that education has the power to transform society.
